Attention, Friends of the Legal Profession:

Would you like to get your name in front of every major law firm in Georgia? Would you like those firms to know that you support the charity that they support? Would you like your company name to be one of the few that they see on the Foundation newsletter and website?

You can do this simply by becoming a sponsor of the Lawyers Foundation of Georgia. The Foundation is the philanthropic arm of the State Bar of Georgia. It is supported solely by the voluntary contributions of attorneys and judges, and the sponsorship efforts of companies which seek to market to attorneys. When your company becomes a sponsor of the LFG, you are joining a small group. Our donors don't see a list of one hundred companies or more vying for their attention. They see a short list of companies that know how important it is for them to show their support of the profession they are part of and the charity they contribute to.

The Lawyers Foundation doesn't offer sponsorships to every business. We only contact those whose connection to the profession is strong and deep. In today's market, with competition from every quarter, I'm sure that you will want to take advantage of this opportunity to not only let your clients and potential clients know that you support the charity of choice for Georgia lawyers, but meet many of them face-to-face at our events.

Please take a few minutes to look at the brochure and the list of attorneys who support the LFG. Aren't these the people whose business you need? There is no better way to reach them than by sponsoring their Foundation.

Yours truly,

Lauren Larmer Barrett
Executive Director
